

5 Ways to Promote Belonging with Photographs

- 1) Teachers can bring a copy of a student's family photo to the parent teacher conference and have it out on the table
- 2) Play a slideshow or carousel of family photos on the school lobby screens
- 3) Circle discussion or mini-assembly to share family photos and family memories (invite grandparents to do this with kids at school)
- 4) Lockscreen challenge: the first 50 kids to send you a screenshot of their lockscreen showing a picture of their caregiver, get a hershey kiss.
- 5) Raise money to have a professional photo op for seniors and their families (different than prom pics)-- Maybe the right person would even donate this amazing service to your school! (Remember the Culver's sampler tray!)
